February 11, 2010

Town of Hanley
Box 270
HANLEY, SK S0G 2E0

Dear Waterworks Owner/Operator:

RE: Precautionary Drinking Water Advisory

Please be advised that the Ministry of Environment is rescinding the Precautionary Drinking Water Advisory for the Town of Hanley, which was issued on February 9, 2010, effective immediately.

All necessary samples have been taken, and have come back with good results. No positive bacteria were found in the two sets of samples. All repair work has been completed and the proper measures have been taken to put the distribution system back into service.

In consultation with the Saskatoon Health Region, we agree no potential health risk currently exists for the Hanley distribution system, and the advisory previously issued is hereby removed.

If you have any further questions or concerns please do not hesitate to Contact me at (306-933-8367).

Sincerely,

A handwritten signature in black ink, appearing to read "Lee Reinhart".
